

Moseley Park School

Careers Programme Overview -2022/23

Introduction

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil Entitlement

All pupils in years 8-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- to understand how to make applications for the full range of academic and technical course

Management of Provider Access Requests

A provider wishing to request access should contact the school leads below.

- Years 7 to 13 - Assistant Headteacher – Mr A Samuels – asamuels@moseleypark.org
- Year 12 to 13 – Assistant Headteacher – Mr A Fitzgerald – afitzgeral@moseleypark.org

Deputy Head of Sixth Form – Ms E Harris – eharris@moseleypark.org

Unifrog

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next step after school, we will now be using Unifrog; an award-winning, online careers platform. All students in Years 7, 8, 9, 10, 11, 12 and 13 now have access to this excellent website.

Unifrog brings into one place every undergraduate university course, apprenticeship, and college course in the UK, as well as other opportunities, such as School Leaver Programmes, MOOCs and every college at Oxford and Cambridge. This makes it easy for students to compare and choose the best university courses, apprenticeships, or further education courses for them. They can also explore exciting opportunities further afield by looking at English-taught undergraduate programmes available in Europe and the USA.

Additionally, the platform helps students successfully apply for these opportunities by using Unifrog to write their personal statement, applications and CVs.

The Unifrog tools

Careers Library

- Over 1000 career profiles
- Presents information from a range of sources
- Includes qualifications and skills needed, interviews with industry professionals and labour market information
- Explores progression opportunities and what a working week really looks like

Students will also be given a username and password for Unifrog (<https://www.unifrog.org/sign-in>) allowing them access to up-to-date, impartial careers information, based on interests and aspirations. Unifrog brings together all the available information into one single, impartial, user-friendly platform.

Students will also be taught how to access labour market information (LMI) and why this is relevant.

UK Universities

- Students can enter subjects of interest and projected grades to see all relevant university courses available in the UK
- Rank and filter opportunities by factors like hours of lectures, price of accommodation and graduate job rates
- Get direct links to university information pages, with impartial information on courses and institutions
- Save unlimited shortlists to refer back to later

Apprenticeships

- Students can find live apprenticeship vacancies
- Vacancies are updated daily
- Rank and filter opportunities by factors like distance from home, weekly wage and application deadlines
- Direct link to the 'apply' page
- Each apprenticeship vacancy includes practical information about the opportunity, employer and training
- Save unlimited shortlists to refer back to later

Special Opportunities

Includes £5 million-worth of grants, bursaries, scholarships, contextual offers and extracurricular activities

These can be filtered by circumstances or characteristics, depending on the access requirements of the opportunity

Includes direct links for applying

Unlimited shortlists can be created and referred back to.

Opportunities for Access

Several events are integrated into the school careers programme. The offer provides an opportunity for partners to come into school to speak to pupils and/or their parents/carers: see below the current school provision; this is updated regularly.
