Dear Parent/Carer,

We hope that you remain well at this difficult time. It is so good to be able to write to you again and look ahead to your child’s next steps in education as we welcome them and you to Moseley Park.

You will have received the transition information packs through the post from Moseley Park and hopefully be in the process of returning this in the stamped addressed envelope by the due date, so that we can make all arrangements for your child to join us in September. Please do not hesitate to contact the school if you have any questions on this. Children will not be allowed on site until these packs have been returned.

As your child’s primary school will have informed you, the local authority has worked with secondary schools to arrange induction from 29th June 2020. Despite the difficult circumstances we find ourselves in, it is important that your child is not denied the chance to see our school, their new teachers and some of their peers.

Your child will be receiving work coordinated across the local authority centred around the book ‘Wonder’. This will be the home learning element for your child to complement the work done in school on their designated induction days.

It is expected that you will make arrangements to bring your child to Moseley Park and have them collected at the end of the day. It is not advisable for your child to make their way home or leave school site alone at this stage. Your child should arrive at the front entrance on Holland Road between 9:45am and 10am where they will be greeted and taken into school. They will be released from the same point at 3pm.

Children will be provided with equipment for the days in school and are asked not to bring any equipment from home. They should come to school in their chosen own clothes. They may bring a snack for break if they wish and should bring their own filled water bottle. Food will be provided during the day.
We will take information from the forms you have returned about any allergies and dietary requirements, but if there is anything else you need to add, please let us know on the form attached.

Please be assured that all measures are in place to keep your children safe. All classrooms have been adapted to ensure social distancing is in effect and a detailed risk assessment has taken place for all aspects of school life. We ask that you monitor the health of your child closely (particularly their temperature) and do not send them to school if you have any concerns. At home, it is important that anyone in contact with your child adheres to government advice to protect the school community. It is the responsibility of the child to ensure that they remain safe in school and do not endanger others, and any individual who presents a risk will be asked to leave and will not be able to return until September. Your support in ensuring this message is clear is vital in keeping everyone safe.

For families who need keyworker provision, this remains the responsibility of the primary school until the end of term.

Can I please ask that you complete the form below and post, bring into the school reception or email a response to transition@moseleypark.org by Friday 19th June 2020. We cannot accept children into school without confirmation from this form.

If you have any questions or concerns, please contact Miss Jones, Assistant Head teacher via e mail on kjones@moseleypark.org There is an information page on our school website for year 6 children, including a virtual tour of Moseley Park and an Art competition for them to take part in.

Yours faithfully,

Mr W Morgan
Deputy Head teacher

Mrs Holloway
Executive Head teacher
